

Backwoods Adventures Greece Trip Pelion - Skopelos 2023

During my journeys around Greece this fall, I found myself in new and wonderful locations. I have been fascinated with the landscape where the filming of the musical "Mamma Mia" was filmed and produced... I was eager to travel to these parts to see if I could create a special, unique, and amazing tour for my guests to enjoy! I spent weeks this fall traveling all around the regions where it was filmed and needless to say I fell in love with its landscape, people of the region, food, accommodations, and especially it's relaxed and wonderful vibes. It was effortless for me to create what I believe to be an amazing tour. What we do in a weeks-time is truly a trip of a lifetime. All of the pictures included in this document were taken by me over the span of my trip and I believe capture the true essence of this amazing place. Now, I want to share it with you.
