The day offers ample opportunity to explore the stunning grounds and nearby beaches. In the evening, everyone will gather for a welcome meeting to get to know each other and discuss the upcoming paddling tour.

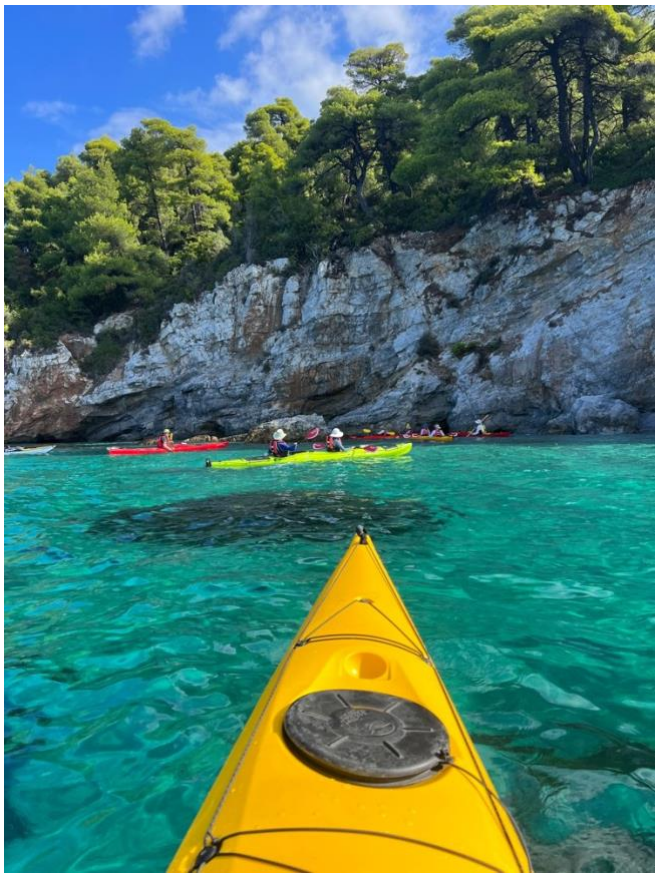
Day 3: Kayaking Begins

The adventure begins with a morning pick-up and transfer to the base of Kayaking Greece at Milia Beach, a short 20-minute ride from the resort. You will have a wide range of high-quality HDPE kayaks to choose from, including brands like P&H, Dag, Prijon, Seabirds, Perception, and Venture. Additionally, there is a selection of lightweight paddles made from fiberglass and carbon, from renowned brands such as Celtic, Mitchell, Seabirds, Werner, as well as handmade Greenland paddles.

The first day of paddling will take you south of the island, where you will navigate through the stunning blue and green waters. There will be a small break for coffee, swimming, and snorkeling. You will then visit two of the most beautiful bays of Skopelos, one of which is known from the movie "Mamma Mia".

Lunch will be enjoyed at the second bay, followed by more relaxation. The day concludes at the beautiful beach of Stafylos, named after the Prince of Skopelos, Stafylos.

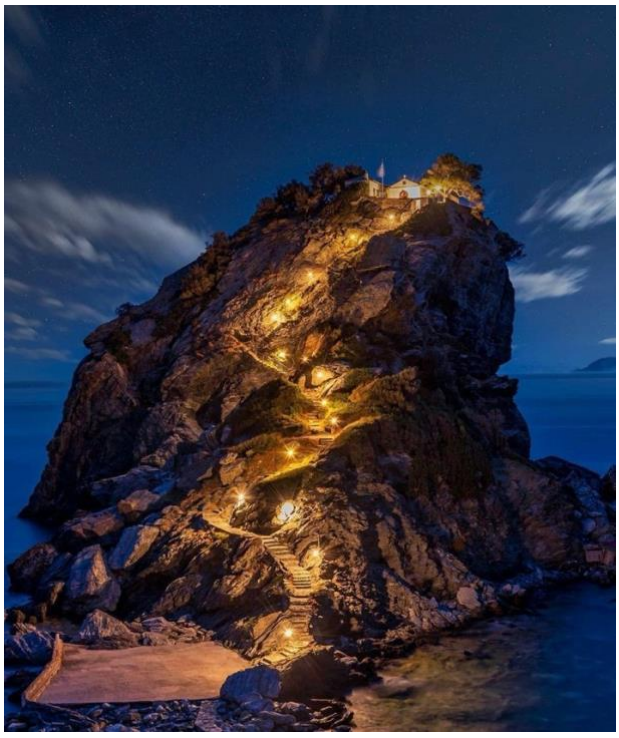
Day 4: Southern Exploration



On the second day of paddling, you will explore the southernmost side of Skopelos Island. This part of the island is known for its stunning rock formations, featuring different colors and crystal-clear waters. Along the way, you will discover many caves and arches among the rocks. The day includes two breaks at beautiful, deserted beaches, perfect for swimming and soaking up the sun.

Day 5: Eastern Adventures

On the third day of paddling, you'll venture to the eastern shores of the island, promising an unforgettable experience. Discover the island's largest and most breathtaking cave along with its most azure beach. Not to be missed is the stunning Agios Ioannis chapel, nestled atop a towering 100-meter rock, renowned as the "Mamma Mia chapel". Spend the day exploring secluded, pristine beaches, perfect for swimming and unwinding.



Day 6: Northern Exploration

On the fourth day, you will paddle along the northernmost and wildest side of Skopelos.
